MIDDLE SCHOOL SPOTLIGHT: SCIENTIST OF THE WEEK

On Fridays, a Middle Schooler gets to be the Scientist of the Week! They come up with an approved science experiment from a giant list, gather the necessary materials, and learn the steps of the experiment. On their chosen day, they demonstrate the experiment in front of their peers. So far, scientists have experimented with making rock candy and elephant toothpaste. It's a fun and engaging way to learn about the scientific process!

SWEET MATH

Students in 3rd - 8th grades are completing the Sweet Race in multiplication and division! They start at multiplication fact 0 and once they master a fact, they move to the next one. When the whole class has mastered multiplication facts 0-12, they will have an all-class donut party!

After the donut party, they move to division, starting at fact 0 and moving up once it has been mastered. Once all students master their division facts, the class receives an ice cream party! Join us in encouraging our students!

ATTENDANCE

Students should be in their classroom by 8 a.m. to be prepared for devotions and the beginning of the day. Tardy students hinder their own learning and are distracting to the learning environment. If your child is sick or has a morning appointment, please call or email the office no later than 8:30 a.m.

HOT LUNCH DATES

11/4 - Pizza & Ice-Cream

11/11 - Walking Taco

11/13 - Chicken Patty w/ chips

11/18 - Creamy Chicken Noodle Casserole

APPLE PIE FUNDRAISER UPDATE

A huge thank you to everyone who sold and purchased pies, as well as those who volunteered to help make them! We sold more than 200 pies! We are thankful to Moline Christian School for allowing us to be part of this fundraiser. It was neat to see both schools working together as one to support Christian education. Volunteers assembled 795 pies in 5 hours!

ELEMENTARY SPOTLIGHT: ALPHABET PARTY

Kindergarten finished their first round of the alphabet!
To celebrate, Ms. Schewe threw an alphabet party! Students were each assigned a letter and dressed up as something starting with that letter (T- tiger, S- superhero, M- mermaid, D-dog, N- ninja).

The day was full of alphabet games like an alphabet zipline, saving the trapped letters, following recipes to make "alphabet food", and more!
